

COVID-19: Resources for Parents/Carers

In the light of school closures, we wanted to provide a range of advice and resources for parents/carers.

We are keen to signpost you to resources that start valuable conversations with your children and young people, providing tested tools to maintain wellbeing at a time of concern and anxiety for many families.

In this document we have included some resources that will allow children to continue learning at home.

National Advice (Please note this advice will be continually updated as new information emerges):

- They also have [cross-curricular resources on our home learning hub](#) – we will be adding new packs to the hub regularly over the weeks ahead.

Online Safety Advice

[Be Internet Legends](#)

Be Internet Legends is evolving to help schools meet new challenges, whether staff are working remotely or still going in. Google and Parent Zone are coming up with new, fun and **interactive** ways to support pupils, families and teachers in the coming weeks – including **delivering content virtually**. If you haven't already, sign up to the Be Internet Legends **mailing list** and stay tuned for updates!

As with all live-streaming platforms such as Houseparty and Zoom, screenshots, unsolicited messages and self-generated inappropriate imagery can put young people at risk. As such you and your child/children should be aware of the following.

- Links to 'rooms' can be shared publicly to other platforms which could lead to uninvited users joining.
- 'Rooms' should be locked to prevent uninvited guests from joining. All rooms will lock by default if a user enables 'private mode'.
- If an uninvited guest joins a 'room' they can easily 'friend' others taking part in the live stream.
- It appears that when a friend is invited, their friends can also join a 'room' without the invitation. Therefore, potentially increase the opportunity to cyber-bully and troll others.

The main advice is for parents/carers to talk to their child about staying safe online and discussing any new online features they use so they can enjoy them safely.

[NSPCC NetAware](#) provides a useful guide to social networks, apps and guide.

[National Online Safety](#) have produced a series of top tips guides to support remote learning for Parents, Children and Teachers.
