

FREE

HIV

IN

THE UK

There are over 100,000 people in the UK living with HIV and many more families affected by the virus.

IN LEEDS
1,138 people are HIV+

Life in my Shoes provides a free exciting HIV education project designed for secondary schools in the UK's most HIV prevalent regions. Creative workshops using film, animation and interactive sessions, will explore the biological and social issues of HIV for young people in the UK.
