

Using Visual Support to Enable Access to Communication and Learning PLACES STILL AVAILABLE

Aims:

- To increase understanding of the use of visual means to develop comprehension and aid expression for children with complex needs.
- To describe the uses of approaches such as Makaton and Picture Exchange Communication System (PECS).

Ideal for: Teachers and support staff in Early Years/Foundation Stage, mainstream, partnership and specialist inclusive learning centre who support children with communication difficulties.

Overview: This short course aims to increase understanding of how visual means can be used to develop comprehension and aid expression in children with speech, language and communication needs. The course will cover the use of approaches such as Makaton and Picture Exchange Communication System (PECS) and will benefit all practitioners supporting individuals with a range of communication difficulties.

Course Dates:

Monday 16th October 2017 09:30 – 12:30

Duration: 3 hours

Venue: HEART, Headingley Enterprise & Arts Centre, Bennett Road, Headingley, Leeds LS6 3HN

Cost: £50

"... through use of visual support my students have a means to express their needs and wants as well as engage positively and meaningfully with my teaching..."
